# How to use the 2009/2010 Educator's Guide & Passport to Learning

1. **Browse through our educational offerings.**
  - a. Outreach Programs (We come to you)
  - b. Programmed and Explore on Your Own Field Trips (You come to us)
2. **Have dates and times\* of when you would like to book with the Children's Museum.**
3. **Contact our Group Reservation Coordinator.**
  - a. Phone: 303-561-0113
  - b. E-mail: [studentvisits@cmdenver.org](mailto:studentvisits@cmdenver.org)

*\*Earliest start time for a Programmed Field Trip is 9:30 a.m.*

## Educator Night at the Children's Museum of Denver

October 8, 2009  
from 4:30 pm - 7 pm

**[FREE]**

### Calling all Pre-k to 3rd Grade Educators!

Join us for an evening of exploration at the Children's Museum of Denver! Discover our hands-on exhibits, investigate our educational programming, and find out how our Outreach Programs and Field Trips can enhance your students' learning. Enjoy an evening of refreshments, door prizes and play as you get an introduction to our educational offerings, including Museum tours.

**Please R.S.V.P. by calling 303-561-0113 or [studentvisits@cmdenver.org](mailto:studentvisits@cmdenver.org).**

## Group Visit FAQ

### Where is the Children's Museum of Denver located?

The Children's Museum of Denver is located at 2121 Children's Museum Drive, Denver, CO 80211. Exit 211 off I-25.

### How do I schedule a group visit or outreach program?

Contact the Group Reservations Coordinator at 303-561-0113 or [studentvisits@cmdenver.org](mailto:studentvisits@cmdenver.org). Visit [www.mychildsmuseum.org](http://www.mychildsmuseum.org) for more information.

### Will we receive a confirmation?

You will receive a confirmation of your visit. Please give us your e-mail address when reserving to receive any special information or updates.

### How many children do we need to make a group?

To qualify for the group rate you must have a minimum of 10 children.

### What are your chaperone requirements?

Chaperones are defined as parents, teachers and adult caregivers. They provide additional safety and support to make your visit successful! We require one chaperone for every five children. These chaperones are free of charge. Chaperones above the 1:5 ratio can attend for a nominal fee.

### How do we pay for our visit or outreach program?

You can pay the day of your outreach program by credit card or in advance. To qualify for the group rate, please pay with one collective payment. If an invoice is needed, please contact the Group Reservations Coordinator at least 2-3 weeks in advance of your outreach program or group visit. Mail check payments to the Children's Museum of Denver prior to your outreach program.

### What should we do when we arrive?

It is best if you are able to arrive 5-10 minutes before your scheduled visit. The field trip coordinator should go to the front desk to check-in and pay for the group. A Museum Educator will meet your group to go over group rules and instructions about your visit.

### Where is bus drop off and parking?

Bus drop off and loading is next to the sidewalk at the north side of the Museum, leading to the entrance. Buses should park in the upper section of Children's Museum Drive.

### Where can we eat lunch?

We are located adjacent to Gates Crescent Park where park benches and grassy areas are available on a first-come first-serve basis for outdoor eating. The Children's Museum of Denver does not have reserved lunch facilities on site even in the case of inclement weather.

### Do you have scholarships available?

The Children's Museum of Denver does have funding throughout the year for qualified organizations. These funds can be used for outreach programs, group visits and transportation reimbursement. Call the Group Reservations Coordinator for more information.

## Outreach Programs IN YOUR CLASSROOM

We come to you!

### Are You a Butterfly? NEW

**Group size:** Up to 35 **Length:** 45 minutes (per session)

**Ages:** Recommended for grades K to 2nd

Butterflies come alive as we read, sing and dance our way around the lifecycle of these beautiful insects. Different learning styles will be nurtured as we explore this wondrous cycle.

#### THIS PROGRAM SUPPORTS THE FOLLOWING COLORADO MODEL CONTENT STANDARDS:

##### 👉 Life Science:

- Introduction to life cycles
- Living things have characteristics that help them to survive
- Similarities and differences between living things

##### 👉 Music:

- Sing using appropriate rhythm and tempo, combined with movement

##### 👉 Reading, Writing and Communicating:

- Application of the students' thinking skills through reading, writing, speaking, listening, and observing

---

##### 👉 Program Requirements:

- 45 minutes per session with a 15 minute reset between each session

##### 👉 Cost:

- \$125 per session within the seven county region / \$150 per session out of the seven county region

##### 👉 Additional Sessions:

- \$75 per session within the seven county region / \$100 per session out of the seven county region

### Stuffee™

**Group size:** Up to 35 **Length:** 45 minutes (per session)

**Ages:** Recommended for grades Pre-K to 1st

Stuffee helps children learn about their bodies (inside and out) and tips for staying healthy. Students will explore Stuffee's removable organs to create a one-of-a-kind learning experience.

#### THIS PROGRAM SUPPORTS THE FOLLOWING COLORADO MODEL CONTENT STANDARDS:

##### 👉 Life Science:

- Introduction to human body systems
- Basic understanding that food gives our bodies energy for physical activity

##### 👉 Music:

- Sing using appropriate rhythm and tempo, combined with movement

##### 👉 Physical Fitness:

- Demonstrate knowledge of the benefits of physical activity

---

##### 👉 Program Requirements:

- 45 minutes per session with a 15 minute reset between each session

##### 👉 Cost:

- \$125 per session within the seven county region / \$150 per session out of the seven county region

##### 👉 Additional Sessions:

- \$75 per session within the seven county region / \$100 per session out of the seven county region

## Outreach Programs

IN YOUR CLASSROOM

We come to you!

### Stories From Around the World

**Group size:** Up to 35 **Length:** 45 minutes (per session)

**Ages:** Recommended for grades Pre-K to K

Take a trip around the world as we experience each continent through stories and music. Children learn through interactive storytelling and cultural artifacts while we study a "kid-height" globe!

#### THIS PROGRAM SUPPORTS THE FOLLOWING COLORADO MODEL CONTENT STANDARDS:

##### 👉 Earth Science:

- Introduction to the major features of the Earth's surface (For example: mountains, rivers, plains, oceans)

##### 👉 Reading, Writing and Communicating:

- Application of the students' thinking skills through speaking, listening, and observing
- Discuss legends and folk tales from different countries

##### 👉 Geography:

- Identify and interpret information from a globe (Including location of the continents)

##### 👉 Program Requirements:

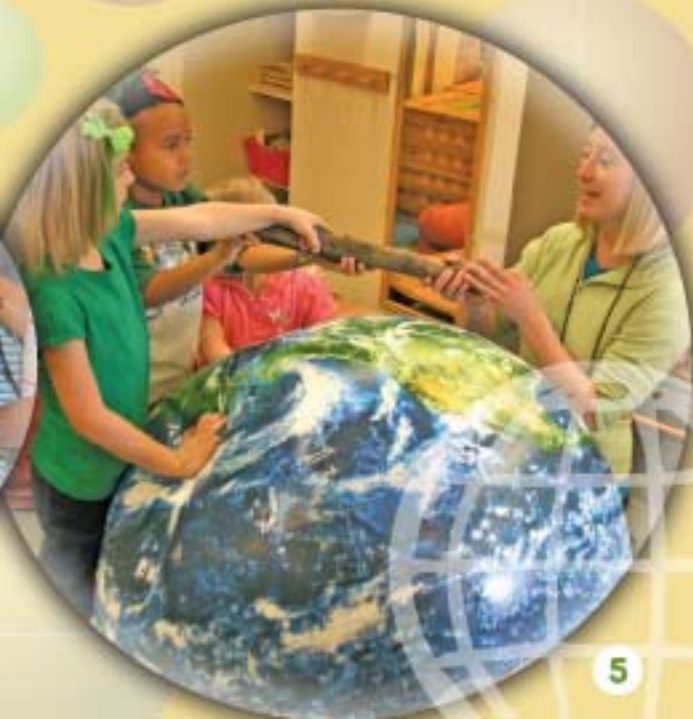

- 45 minutes per session with a 15 minute reset between each session

##### 👉 Cost:

- \$125 per session within the seven county region / \$150 per session out of the seven county region

##### 👉 Additional Sessions:

- \$75 per session within the seven county region / \$100 per session out of the seven county region

## Outreach Programs

IN YOUR SCHOOL

We come to you!

### Star Lab

**Group size:** Up to 35 **Length:** 45 minutes (per session)

**Ages:** Recommended for grades K to 3rd

Crawl into our portable planetarium to explore stars and constellations!  
Learn ancient Greek and Native American myths as they relate to the night sky!

**THIS PROGRAM SUPPORTS THE FOLLOWING COLORADO MODEL CONTENT STANDARDS:**

**Earth Science:**

- Introduction to our solar system

**Reading, Writing and Communicating**

- Application of the students' thinking skills through speaking, listening, and observing
- Discuss a variety of legends and myths

**Program Requirements:**

- 45 minutes per session with a 15 minute reset between each session

**Space Requirements:**

- An indoor space with an 18-foot high ceiling, 25 square feet of floor space, and access to electrical outlet

**Cost:**

- \$230 per 2 sessions within the seven county region / \$280 per 2 sessions out of the seven county region

**Additional Sessions:**

- \$100 per session

### Earth Balloon

**Group size:** Up to 35 **Length:** 45 minutes (per session)

**Ages:** Recommended for grades K to 2nd

Step inside our spectacular 26-foot tall Earth Balloon as we practice Earth Science concepts and skills. This program is sure to spark your students' interest and curiosity as we study geography.

**THIS PROGRAM SUPPORTS THE FOLLOWING COLORADO MODEL CONTENT STANDARDS:**

**Earth Science:**

- Introduction to the major features of the Earth's surface (For example: mountains, rivers, plains, oceans)

**Reading, Writing and Communicating:**

- Application of the students' thinking skills through speaking, listening, and observing

**Geography:**

- Identify and interpret information from a globe

**Program Requirements:**

- 45 minutes per session with a 15 minute reset between each session

**Space Requirements:**

- An indoor space with a 26-foot high ceiling, 25 square feet of floor space, and access to electrical outlet

**Cost:**

- \$230 per 2 sessions within the seven county region / \$280 per 2 sessions out of the seven county region

**Additional Sessions:**

- \$100 per session

## Field Trips

VISIT PLAYSCAPES AT YOUR OWN PACE!

You come to us!

Cost: \$4.50/child Length: 90-minute visit

### Alphabet Soup

Play with letters, shapes, and words on a large magnetic board. Supports emergent literacy skills and develops an awareness of print.

- 👉 **Tips:** Identify the letters in your name, sort shapes and colors, name letters and construct simple sentences.

### Arts a la Carte

Dance, paint, sing, act or stage a puppet show. This Playscape stimulates imagination and creativity. Self-confidence and creative skills are developed through role-playing and individual works of art.

- 👉 **Tips:** Suggest props, praise cooperation and experimentation, and encourage children to self-select a variety of materials of interest.

### Assembly Plant

Use recycled materials, blueprints and hand tools to build one-of-a-kind creations to take home. Children practice fine motor skills while creating something uniquely their own.

- 👉 **Tips:** Allow plenty of time for experimentation, praise process rather than the final result, and balance children's independence with supervision of tools and safety reminders.

### Click Clack Train Track

Design and build complex train tracks using your imagination. This Playscape emphasizes the importance of community and cooperation, and features a variety of materials to support the discovery of new ideas through spontaneous play.

- 👉 **Tips:** Recognize unique ideas and material choices; encourage trying out new ideas and comment on effort or design rather than an end product or its functionality.

### CMD Fire Station No.1

Put on your hat, sound the siren and try your hand at operating a fire hose. Extend helping skills to others while taking on the role of firefighter. Learn about these important community helpers and what you can do to be fire safe at home, including Practice 9-1-1 our interactive call center.

- 👉 **Tips:** Encourage experimentation with roles and equipment, reinforce critical thinking, promote fire safety and support exploration of group solutions to problems.

## Field Trips

You come to us!

Cost: \$4.50/child Length: 90-minute visit

VISIT PLAYSCAPES AT YOUR OWN PACE!

### My Market

Pretend in our authentic grocery store where children become the shopper, the clerk or the baker. Children imitate a real-life experience while learning about food and good health.

 **Tips:** Stimulate play by asking open-ended questions, invite children to try multiple roles to enrich this dramatic play experience by supporting child-initiated activity.

### Ready Vet Go!\*

Put on a pint-size vet coat and stethoscope, grab a bilingual clip board, and take on the role of veterinarian, groomer, trainer, or pet "parent" in this kid-friendly veterinary clinic.

 **Tips:** Encourage curiosity and learning by using x-rays and vet tools.

*\*Ready Vet Go is a mobile exhibit and subject to availability*

### Under My Feet and Over My Head

Crawl through a tunnel, climb into a nest, become an ant gathering food or turn into a bird looking for worms. Discover the amazing natural world around you!

 **Tips:** Encourage children to role play by dressing up in different animal costumes and exploring each habitat.

P  
play

## Programmed Field Trips

You come to us!

Programs include 1 hour and 15 minutes to explore the Museum

FACILITATED EDUCATIONAL  
PROGRAMS AT THE MUSEUM

### Just Toolin' Around **NEWLY ENHANCED**

**Group size:** 12-40 **Length:** 1 1/2 hours

**Ages:** Recommended for grades K to 3rd **Cost:** \$7.00/child

Grab a hard hat and enter the construction zone where children practice team skills using real tools, large-scale construction materials and blueprints to build a six-foot high house. Students practice reading and comprehension skills as they interpret design plans and work to understand directions.

**THIS PROGRAM SUPPORTS THE FOLLOWING COLORADO MODEL CONTENT STANDARDS:**

**Math:**

- Practice using measurement tools to gather length and perimeter values

**Theater:**

- Know how to participate effectively within the group
- Demonstrate problem solving skills through group interaction

**Reading, Writing and Communicating:**

- Application of the students' thinking skills through reading, speaking, listening, and observing

### Bubble Lab **NEW**

**Group size:** 10-40 **Length:** 45 minutes

**Ages:** Recommended for grades 1st to 3rd\* **Cost:** \$6.50/child

Students will be immersed in this exciting bubble lab! Promising young scientists will learn about bubbles and their amazing properties. Then, using bubble solution ingredients and measuring instruments, they will develop and test their very own formula for bubble solution!

*\*3rd grade visit includes program only*

**THIS PROGRAM SUPPORTS THE FOLLOWING COLORADO MODEL CONTENT STANDARDS:**

**Physical Science:**

- Introduction to the creation of mixtures

**Reading, Writing and Communicating:**

- Application of the students' thinking skills through reading, speaking, listening, and observing

**Theater:**

- Know how to participate effectively within the group
- Demonstrate problem solving skills through group interaction

**Math:**

- Identify geometric shapes
- Students use a variety of tools and techniques to measure, apply the results in problem-solving situations, and communicate the reasoning used in solving these problems

## Programmed Field Trips

You come to us!

Programs include 1 hour and 15 minutes to explore the Museum

FACILITATED EDUCATIONAL PROGRAMS AT THE MUSEUM

### Literacy Central

**Group size:** 10-35 **Length:** 45 minutes

**Ages:** Recommended for grades Pre-K to K **Cost:** \$6.50/child

Words and images jump off of the page as students help to uncover the mystery of the butterfly lifecycle. Children will engage in this imaginative experience that includes art, music, and movement to help build positive reading behaviors.

**THIS PROGRAM SUPPORTS THE FOLLOWING COLORADO MODEL CONTENT STANDARDS:**

**☛ Life Science:**

- Introduction to lifecycles

**☛ Music:**

- Sing using appropriate rhythm and tempo, combined with movement

**☛ Reading, Writing and Communicating:**

- Application of the students' thinking skills through reading, writing, speaking, listening, and observing

### The Gingerbread Man

**Group size:** 25-70 **Length:** 45 minutes

**Ages:** Recommended for grades Pre-K to K **Cost:** \$6.50/child

Enter a world of classic fairytales and nursery rhymes where it is possible for a cookie to come to life if you just believe. This program promotes listening skills, literacy, and introduces children to the excitement of live, interactive theater.

**THIS PROGRAM SUPPORTS THE FOLLOWING COLORADO MODEL CONTENT STANDARDS:**

**☛ Theater:**

- Develop interpersonal skills through group interaction and artistic collaboration
- Understand the elements of putting on a play

**☛ Music:**

- Sing using appropriate rhythm and tempo

**☛ Reading, Writing and Communicating:**

- Application of the students' thinking skills through reading, speaking, listening, and observing
- Discuss types of literature, including nursery rhymes, fables and fairytales

**E**  
explore

## Programmed Field Trips

You come to us!

Programs include 1 hour and 15 minutes to explore the Museum

FACILITATED EDUCATIONAL  
PROGRAMS AT THE MUSEUM

### Tubular Tunes

**Group size:** 10-35 **Length:** 45 minutes

**Ages:** Recommended for grades K to 2nd **Cost:** \$6.50/child

Through a dynamic series of noisy experiments, children will learn how sound energy is produced and how sound travels as a wave. Budding inventors will even use what they've learned to invent and use a giant PVC pipe phone!

**THIS PROGRAM SUPPORTS THE FOLLOWING COLORADO MODEL CONTENT STANDARDS:**

👉 **Physical Science:**

- Introduction to sound waves

👉 **Reading, Writing and Communicating:**

- Application of the students' thinking skills through reading, speaking, listening, and observing

👉 **Music:**

- Play music using appropriate rhythm and tempo
- Explore ways to create music and sound

### Whose Habitat is it Anyway?

**Group size:** 10-35 **Length:** 45 minutes

**Ages:** Recommended for grades 1st to 2nd **Cost:** \$6.50/child

Become immersed in the natural world while gaining respect for how and with whom we share our backyard. Using costumes and imagination, children turn into animals searching for the resources necessary to survive in a crowded habitat.

**THIS PROGRAM SUPPORTS THE FOLLOWING COLORADO MODEL CONTENT STANDARDS:**

👉 **Life Science:**

- Basic needs of living things
- How living things depend on their environment for their needs
- Understanding that organisms interact with each other and with nonliving parts of their habitat to meet their basic needs

👉 **Reading, Writing and Communicating:**

- Application of the students' thinking skills through reading, speaking, listening, and observing
- Introduction to prefixes and root words

### Around the World with Professor Wiggleworts

**Group size:** 25-75 **Length:** 45 minutes

**Ages:** Recommended for grades K to 2nd **Cost:** \$6.50/child

An introduction to the cultural riches of Africa, China, and Mexico through music, dance, and interactive stories. The Professor is sure to make you laugh and encourage appreciation for diversity, customs, celebrations, history, and traditions.

**THIS PROGRAM SUPPORTS THE FOLLOWING COLORADO MODEL CONTENT STANDARDS:**

👉 **Geography:**

- Locate Colorado in relation to the U.S. and the rest of the world
- Introduction to the continents

👉 **Reading, Writing and Communicating:**

- Application of the students' thinking skills through reading, speaking, listening, and observing
- Discuss legends and folk tales from different countries

👉 **Theater:**

- Develop skills in story interpretation and improvisation

## Programmed Field Trips

You come to us!

Programs include 1 hour and 15 minutes to explore the Museum

FACILITATED EDUCATIONAL  
PROGRAMS AT THE MUSEUM

### World Dance and Drumming

**Group size:** 10-35 **Length:** 45 minutes

**Ages:** Recommended for grades Pre-K to 1st **Cost:** \$6.50/child

Celebrate culture around the world! Students will be introduced to African, South American and Asian celebration customs through dance and music. World Dance and Drumming inspires self-expression, while improving large motor and cognitive skills.

**THIS PROGRAM SUPPORTS THE FOLLOWING COLORADO MODEL CONTENT STANDARDS:**

👉 **Geography:**

- Locate Colorado in relation to the U.S. and the rest of the world
- Introduction to the continents

👉 **Music:**

- Play music using appropriate rhythm and tempo, combined with movement

👉 **Reading, Writing and Communicating:**

- Application of the students' thinking skills through reading, speaking, listening, and observing

👉 **Dance:**

- Demonstrate moving in a rhythmic beat

### Star Lab

**Group size:** 10-35 **Length:** 45 minutes

**Ages:** Recommended for grades K to 3rd **Cost:** \$6.50/child

Crawl into our portable planetarium to explore stars and constellations! Learn ancient Greek and Native American myths as they relate to the night sky!

**THIS PROGRAM SUPPORTS THE FOLLOWING COLORADO MODEL CONTENT STANDARDS:**

👉 **Earth Science:**

- Introduction to our solar system

👉 **Reading, Writing and Communicating:**

- Application of the students' thinking skills through speaking, listening, and observing
- Discuss a variety of legends and myths

### Nature Detectives

**Group size:** 10-35 **Length:** 45 minutes

**Ages:** Recommended for grades Pre-K to K **Cost:** \$6.50/child

Student detectives will look for tell-tale clues of backyard creatures while uncovering the mysteries behind living and non-living things. This adventure is sure to delight the senses of everyone while supporting important life sciences content and boosting science literacy.

**THIS PROGRAM SUPPORTS THE FOLLOWING COLORADO MODEL CONTENT STANDARDS:**

👉 **Life Science:**

- Basic needs of living things
- How living things depend on their environment for their needs
- Distinguish between living and non-living organisms

👉 **Reading, Writing and Communicating:**

- Application of the students' thinking skills through reading, speaking, listening, and observing
- Use words of time and position (First, next, under, above, etc.)

👉 **Math:**

- Categorization and classification of objects and information
